Summary: My first songfic and I picked a song that I know most people like....

## A Candle in the WInd

Author's Note: I had wanted to do a songfic ever since I read Chin Chilla's "Chamber of Secrets Rhapsody" (It was about time someone combined Queen and Harry Potter), only I couldn't think of the right song to do it to. Then it hit me as I was thinking of it today: Candle in the Wind!!!! (Which, by the way, is one of the hardest songs to rewrite words to, and I know have a whole new respect for Sir Elton.) Anyway, in case you can't tell, it's from Harry's POV singing about his mom.

Goodbye Mother Dear

Though I never knew you at all

You had the love to save my life

When it meant giving your own.

Crawled out of the Muggles

And they whispered in your brain

Sent you off to Hogwarts

Where you met your life's love James

And it seems to me, you lived your life like a candle in the wind

Never thought about yourself when the evil walked right in

I wish I could have known you when I was a kid

Your candle burned out long before your legend ever did  
Your life at school was tough  
The toughest when you hid away  
And Voldemort found you  
And death was the price you paid  
Even when you died  
They didn't think of you  
The Daily Prophet told of my tale  
And my youth  
And it seems to me, you lived your life like a candle in the wind

Never thought about yourself when the evil walked right in  
I wish I could have known you when I was a kid  
Your candle burned out long before your legend ever did

Goodbye Mother Dear  
Though I never knew you at all  
You had the love to save my life  
When it meant giving your own

Goodbye Mother Dear  
I'm closer now than I ever was  
To see you as something more than close to me  
Or as just Lily Potter because

It seems to me you lived your life like a candle in the wind  
Never thought about yourself when the evil walked right in  
I would have liked to have known you when I was a kid  
Your candle burned out long before your legend ever did  
Your candle burned out long before your legend ever did.

Disclaimer: Lily, Harry and Voldemort are property and were created by JK Rowling, not me. "Candle in the Wind" belongs to Sir Elton John, not me.

Author's Note (Yes another one): Well, here it is, my first songfic

so be a little understanding. Please review or send owls to be at
